HIVIS & WEATHER

WELCOME TO YOUR PERSONAL COMFORT ZONE!

The best thing about our HiVis & Weather collections:

comfortable fit and modern design give you a great feeling in your outfit and make you look really good.

And not just in good weather, but especially in wet, cold, foggy, drizzly and dark conditions.

With bright colours and cleverly placed reflective stripes, our high visibility and weather protection clothing sends out strong signals that can't be missed.

HI-VISION® Basic

The shirts with segmented reflective stripes combine effective high-visibility protection with UV protection, design and wearing comfort. Polyester on the outside and cotton on the inside ensure optimal moisture transport. UV protection 50+ is the highest protection according to the European classification and better than the standard requires: the fabric lets only 2% of UV rays through. Now also available for ladies.
